

I do not want K-Love radio station broadcasts replaced by Low Power (LPFM).

Reasons:

1. K-Love is one of the very few Christian, "family-friendly", no advertisement, radio stations in this area.
2. The effect of K-Love being replaced by LPFM would mean the possibility of more "non-family-friendly" stations coming on air. We already have more than enough of those.
3. The service that K-Love provides is needed more than ever in today's climate of "anything goes" on the radios and TV airwaves. As a parent, there are very few radio and TV stations that I can listen to (and or watch) with my children and not have to be subjected to profanity or sexual innuendos in the lyrics of songs, etc.

PLEASE DO NOT LET K-LOVE BE REPLACED BY LPFM.
